IV. Vote on PCA Manual Updates

- A.*** Recommended updates to the compositions of the Executive Committee and the Equity, Academic Achievement, & Student-Athlete Well-Being subcommittees were proposed as reflected on the enclosed document. Chair Matheson stated President Harreld has approved the recommendations. Hollingworth proposed a friendly amendment to include the Faculty Athletics Representative(s) to the Equity Subcommittee structure. Torner moved to accept the amendment to the Equity Subcommittee; Colin seconded. PCA members were in unanimous agreement.
- B.*** Clerry presented the recommended updates to the Student-Athlete Code of Conduct. (A copy is appended.) References to laws pertaining to alcohol were removed because they are addressed in the Athletics Department's Substance Abuse Prevention Policy. The appeal and dismissal processes were also clarified. Chair Matheson asked for approval; full agreement was reflected from PCA members.
- C.*** The Student-Athlete Grievance Process (enclosed) was presented by Clerry. She explained the PCA policy was updated to mirror the Presidential review process. Chair Matheson called for approval from the Committee; all members were in agreement.
- D.*** Clerry presented recommended changes to the Transfer Policy. The policy was updated to reflect adopted proposals to NCAA legislation which allows student-athletes to notify athletics staff members of their intent to transfer and have their names entered into a national database. The one-time transfer rules were not changed. Chair Matheson asked for approval and Committee members agreed in total to adopt the changes.

All changes will be incorporated into the PCA Manual.

- C.** A current story headlining national news is the Dawkins case involving alleged cheating in college basketball. Several schools have been mentioned in relation to improper recruiting of individuals to Adidas-sponsored schools.
- D.** The Rice Commission on Basketball has made several recommendations to the NCAA. Many of these are being discussed as potential legislative votes in January. Barta stated one example is contracts for presidents, athletic directors, and coaches having to include a statement they must cooperate in investigations. The levels of penalties have also been increased for inappropriate recruiting.
- E.** Big Ten Joint Group meetings take place October 22-23, 2018, in Chicago, IL.

IX. Athletics Director's Report - Gary Barta

- A.** Barta highlighted the following from the attached October sports report and schedules:

- B.** Development of a new Athletics Department Strategic Plan will focus on "Win. Graduate. Do It Right." Department goals will be placed into these three categories.

Barta created the Hawkeye Leadership Team (HLT), which is comprised of 12 mid-level administrators. Within that group, three teams were formed and assigned to define "Win, Graduate, Do It Right." HLT members present at today's meeting were introduced to the PCA. Barta will enlist the assistance of PCA subcommittee members to perform the same task with input given to the subcommittee chairs. He also plans to ask donors and members of the National I-Club for the same information.

- C.** Rhodes asked if the University of Iowa sent condolences to the Iowa State women's golfer who died recently. Barta indicated he called Athletic Director Jamie Pollard, Clerry noted that UI Counseling Services reached out to student-

athletes to ensure they knew whom they could contact if they needed assistance, the ISU golfer was recognized at the Diane Thomason Golf Invitational, and Hawk Talk had a story in its publication. Rhodes recommended a letter be prepared and sent on behalf of the Presidential Committee on Athletics. With all in agreement, Chair Matheson will prepare a letter and send.

Ex-officio members of the Executive Committee are the Director of Athletics, Deputy Director of Athletics, Senior Associate Athletics Director/Senior Woman Administrator, and President or designee. Student members of the PCA may not serve on the Executive Committee.

RECOMMENDED UPDATE

The PCA shall have an Executive Committee. The Executive Committee is composed of the Chair and the Vice Chair of the PCA, the Chairs of the PCA's standing subcommittees, and the Big Ten Faculty Athletics Representative(s). Ex-officio members of the Executive Committee are the Director of Athletics, Deputy Director of Athletics, ~~Senior Associate Athletics Director/Senior Woman Administrator,~~ and President or designee(s). If the Deputy Director of Athletics is not also the Athletics Department Senior Woman Administrator, then the Senior Woman Administrator will also serve as an ex-officio member. Student members of the PCA may not serve on the Executive Committee.

EXPLANATION

The current language in the manual was written specific to senior staff in place a few years ago and is limited to one designee by the President. The goals in editing this language are:

1. To limit Athletics Department attendees at PCA Executive Committee meetings to Gary Barta and Barbara Burke, or whoever serves in their positions in the future, and the SWA if future changes ever create a situation where the Deputy AD is not also the SWA.
2. Give the President the option to appoint more than one designee to the PCA Executive Committee.

PCA EQUITY SUBCOMMITTEE

CURRENT

The Equity Subcommittee is composed of at least two members of the PCA. The subcommittee shall be chaired by a member of the PCA appointed by the Chair of the PCA.

RECOMMENDED UPDATE

The Equity Subcommittee is composed of at least two members of the PCA. The subcommittee shall be chaired by a member of the PCA appointed by the Chair of the PCA. Ex-officio members shall include: a representative of the Office of Equal Opportunity and Diversity, and the Director of Athletics or

designee. In the event the Director of Athletics' designee is not the department's Senior Woman Administrator, then the Senior Woman Administrator shall also serve as an ex-officio member.

EXPLANATION

The current manual language is quite limited and contains none of the guidance that's provided for with the other PCA subcommittees, and it does not reflect the positions that have attended in recent years. The new language provides for one Athletics Department liaison, assigned by the AD as a designee, and ensures that an EOD officer and the SWA are involved in the Equity committee.

PCA ACADEMIC ACHIEVEMENT SUBCOMMITTEE

CURRENT

The Academic Achievement Subcommittee is composed of faculty members of the PCA: a minimum of three faculty members and one Faculty Athletics Representative to the Big Ten Conference. The subcommittee shall be chaired by a faculty member on the PCA appointed by the Chair of the PCA and shall be responsible to report to the PCA on the subcommittee's activities. The Director of Athletics or his or her designee shall serve as ex-officio member, as well as the Associate Athletics Director for Student-Athlete Academic Services, and the designee from the Office of the Provost.

RECOMMENDED UPDATE

The Academic Achievement Subcommittee is composed of faculty members of the PCA: a minimum of three faculty members and one Faculty Athletics Representative to the Big Ten Conference. The subcommittee shall be chaired by a faculty member on the PCA appointed by the Chair of the PCA and shall be responsible to report to the PCA on the subcommittee's activities. The Director of Athletics or his or her designee shall serve as ex-officio member, as well as. In the event the Director of Athletics' designee is not the Associate Athletics Director for Student-Athlete Academic Services, then the Associate Athletics Director for Student-Athlete Academic Services shall also serve as an ex-officio member. and the A designee from the Office of the Provost shall also serve as an ex-officio member.

EXPLANATION

This update provides for one Athletics Department liaison, assigned by the AD as a designee, and ensures that the Academic Services Director is on this subcommittee if for some reason the AD does not assign that person as their designee.

PCA STUDENT-ATHLETE WELL-BEING SUBCOMMITTEE

CURRENT

The Student-Athlete Well-Being Subcommittee provides direction and advice on all policies and issues regarding the general well-being of student-athletes. The principal responsibility of this subcommittee is to ensure the well-being of University of Iowa student-athletes and to remind all involved that they

are first and foremost students. The subcommittee shall be chaired by a PCA member appointed by the Chair of PCA and shall be responsible for reporting to the PCA on the subcommittee's activities. Membership should include: two student-athlete representatives (one male and one female), at least two members from PCA; the Faculty Athletics Representative(s); the Athletics Administrator responsible for sexual assault and sexual harassment (ex-officio); a representative of the Office of Equal Opportunity and Diversity (ex-officio); the Associate Athletics Director for Student-Athlete Academic Services (ex-officio); and a representative of the Office of the Vice President for Student Services (ex-officio).

RECOMMENDED UPDATE

The Student-Athlete Well-Being Subcommittee provides direction and advice on all policies and issues regarding the general well-being of student-athletes. The principal responsibility of this subcommittee is to ensure the well-being of University of Iowa student-athletes and to remind all involved that they are first and foremost students. The subcommittee shall be chaired by a PCA member appointed by the Chair of PCA and shall be responsible for reporting to the PCA on the subcommittee's activities. Membership should include: two student-athlete representatives (one male and one female), at least two members from PCA; the Faculty Athletics Representative(s); the Director of Athletics or designee (ex-officio); the Athletics Administrator responsible for sexual assault and sexual harassment (ex-officio); a representative of the Office of Equal Opportunity and Diversity (ex-officio); the Associate Athletics Director for Student-Athlete Academic Services (ex-officio); and a representative of the Office of the Vice President for Student Life Services (ex-officio). In the event the Director of Athletics' designee is not the Athletics Department's designated Deputy Title IX Coordinator, then the Athletics Department's Deputy Title IX Coordinator shall also serve as an ex-officio member.

EXPLANATION

This update provides for one Athletics Department liaison, assigned by the AD as a designee, and ensures that the Athletics Department Title IX Coordinator is on this subcommittee if for some reason the AD does not assign that person as the subcommittee designee. "Deputy Title IX Coordinator" formalizes the previous language "Athletics Administrator responsible for sexual assault and sexual harassment." The update removes the EOD representative (who instead attends Equity subcommittee meetings) and the Academic Services Director (who instead attends the Academic Achievement subcommittee meetings).

Appendix H. Student-Athlete Code of Conduct

I. Introduction

This Student-Athlete Code of Conduct is designed to alert you, the student-athlete, to the behavior expected of you and to the potential consequences that your behavior may have on your status as a student-athlete.

All student-athletes are members of the University of Iowa's student body. You are a student first, and your participation in intercollegiate athletics derives from your status as a student. Accordingly, all University policies governing student conduct apply to you.

In addition, your participation in the university's Intercollegiate Athletics program is governed by policies and procedures put into effect by the National Collegiate Athletic Association (NCAA); the Big Ten Conference (Big Ten), and the Board of Regents, State of Iowa. Your participation in the university's Intercollegiate Athletics program is also governed by all University of Iowa's Department of Athletics' rules and procedures as set forth in the Student-Athlete Handbook, including the Department of Athletics' Substance Abuse Education and Reporting Policy, Recruiting, and Guidelines for Prospective Student-Athletes and their Student Hosts.

The Department of Athletics may take action under this Code of Conduct regarding your participation in the university's Intercollegiate Athletics program and also regarding the awarding, renewal, and modification of a scholarship that you may now have. This Code of Conduct is intended to complement, not replace, conduct rules that your sport team has adopted, including consequences for violating those sport team rules.

II. Policies on Misconduct for University of Iowa Student-Athletes

There are two types of Misconduct that may affect your ability to fully participate in the university's Intercollegiate Athletics program: "Category I Misconduct" and "Category II Misconduct."

A. Category I Misconduct

Any of the following acts by a student-athlete is Category I Misconduct:

- Violation of a criminal law that is classified as a felony by the State of Iowa;
- Violation of a term of probation or other condition imposed by a court in a criminal proceeding; or
- Serious violation of a term of probation or other condition imposed by a university official or the Department of Athletics administrator.

A student-athlete is determined to have committed Category I Misconduct when:

- The student-athlete is convicted of, does not contest (e.g., a guilty or *nolo*

contendere plea), or receives a deferred judgment for a crime that is classified as a felony by the State of Iowa; or

- The student-athlete is found by a court to have violated a court-imposed term of probation or other condition; or
- The student-athlete is found by the Director of Athletics, in consultation with the Faculty Athletics Representative (FAR), to have violated a term of probation or other condition imposed by the Department of Athletics or a University official, and the conduct underlying the violation of probation or condition represents a substantial lack of compliance with the Student-Athlete Code of Conduct.

1. **Preliminary Action:** The Director of Athletics, at his or her discretion, may take preliminary action to temporarily suspend a student-athlete from participation in practice or competition and/or access to Athletics Department services when the Director of Athletics has verified that felony criminal charges have been filed against a student-athlete or when there is specific and credible information (e.g., arrest records, statements of law enforcement officers, university records, third-party or witness statements, or acknowledgement by the student-athlete) for reasonably believing that a student-athlete may have committed Category I Misconduct.
2. **Sanctions for Category I Misconduct:** The Director of Athletics, in consultation with the FAR and appropriate university officials, will determine from specific and credible information whether there is a reasonable basis for concluding that the student-athlete has committed Category I Misconduct. Thereafter, the Director of Athletics shall suspend the student-athlete from participation in practice, competition, and/or from receiving services provided by the Department of Athletics.
3. **Termination of Scholarship Benefits:** The Director of Athletics may pursue revocation or modification of athletically related financial aid, such as a scholarship, as a consequence of any and all Category I Misconduct. Any action to revoke or modify athletically related financial aid will be in accordance with NCAA procedures and university procedures as outlined in the Student-Athlete Handbook.

B. Category II Misconduct

Any of the following acts by a student-athlete is Category II Misconduct:

- Violation of a criminal law that is not classified as a felony by the State of Iowa, excluding laws pertaining to alcohol (e.g., Operating While Intoxicated –OWI; Possessing Alcohol Under the Legal Age - PAULA). Alcohol related offenses fall under the Athletics Department Substance Abuse Prevention Policy;
- Violation of a term of probation imposed by a university official or Department of Athletics administrator that does not constitute Category

- Violation of a Department of Athletics policy; or
- Violation of university policies, rules, and/or regulations, including:
 - The University of Iowa's Code of Student Life;
 - Academic dishonesty in violation of university, college, school, or Department standards;
 - Violation of any university student conduct regulation; or
- Willfully giving false and malicious information to a university official. A student-athlete is determined to have committed Category II Misconduct when:
 - The student-athlete is convicted of, does not contest (e.g., a guilty or *nolo contendere* plea) or receives deferred judgment for a crime that is not a felony;
 - The student-athlete is found by a court to have violated a term of court-imposed probation or other condition and the conduct underlying the violation of probation or other condition does not constitute Category I Misconduct;
 - The student-athlete is determined by the Director of Athletics to have violated a Department of Athletics policy or a term of probation or other condition imposed by the Department of Athletics and the conduct underlying the violation of probation or other condition does not constitute Category I Misconduct; or
 - A university official or hearing body has determined, in accordance with its official procedures, that the student-athlete has violated a university or college policy, rule, and/ or regulation.

1. **Sanctions for Category II Misconduct:** The Director of Athletics will determine from specific and credible information that there is a reasonable basis for concluding that the student-athlete has committed Category II Misconduct. The Director of Athletics shall determine the appropriate sanction after consulting with the student-athlete's Head Coach and assigned Sport Administrator. The Director of Athletics may also consult with the FAR and appropriate university officials for recommendations regarding the appropriate sanction(s).

Sanctions for Category II Misconduct may include, but are not limited to: warning, reprimand, probation with or without conditions, requirements for restitution, conditions to encourage personal rehabilitation (e.g., counseling and community service), conditions related to satisfactory academic performance, suspension from practice, suspension from competition, and/or suspension from access to Athletics Department services.

III. Notice

If the university has a reasonable belief that a student-athlete committed misconduct (Category I or Category II) that is sufficiently serious to warrant a suspension of 10 days or more, the Director of Athletics shall take the following action before making a determination that the student-athlete indeed has committed the Misconduct in question:

- (i) notify the student-athlete and university officials of the specific charge(s) of Misconduct and substantiation concerning the charges; and
- (ii) provide an opportunity for a meeting at which the student-athlete may explain the circumstances, orally or by submission of a written statement.

The Director of Athletics shall notify the student-athlete and appropriate university officials, in writing, of any decision to impose sanctions based on misconduct under this Code of Conduct. If a sanction is imposed, the written notice shall include a complete description of the appeal procedures available to the affected student-athlete.

IV. Appeal

A student-athlete may appeal any sanction that suspends participation in practice, competition, and/or services provided by the Department of Athletics pursuant to the grievance process provided in [Appendix E of the PCA Manual](#). A student-athlete may also appeal a revocation or modification of athletically related financial aid in accordance with NCAA procedures and university procedures as outlined in the Student-Athlete Handbook.

Deleted: the Student-Athlete Handbook

V. Dismissal

The student-athlete may be dismissed from all elements of participation in intercollegiate athletics when the Director of Athletics, in consultation with the Coach, the FAR, the Chair of the Presidential Committee on Athletics, and other appropriate university officials, determines that either the severity or the frequency of the misconduct necessitates the dismissal. A student-athlete who has been dismissed from participation in practice, competition, and/or services provided by the Department of Athletics shall be provided the opportunity to appeal the decision consistent with the grievance process explained [Appendix E of the PCA Manual](#).

Deleted: In addition, other appeal processes may be used by a student-athlete in accordance with applicable university policies.¶

¶ As set forth by the Student-Athlete Handbook, a student-athlete may not contest on appeal:¶

¶ Any underlying determination of responsibility rendered by a court or other civil authority; or¶

¶ Any underlying determination of responsibility rendered by a university official or hearing body in accordance with official procedures.¶

¶ If there is a substantial change in circumstances affecting a student-athlete who has been suspended from participation in practice, competition, and/or services provided by the Department of Athletics, the student-athlete may petition the Director of Athletics to review the changed circumstances. The student-athlete may submit a written statement in support of the request. Thereafter, the Director of Athletics shall consult with the FAR and other appropriate university officials on whether the suspension should be modified. If circumstances warrant a change in a suspension, a student-athlete may be reinstated by the Director of Athletics to resume participation in practice, competition, and/or services provided by the Department of Athletics.¶

¶ Dismissal or reduction of a criminal charge is a change of circumstance that may or may not justify revision of a suspension from participation in practice, competition, and/or services provided by the Department of Athletics.

Deleted: in the Student-Athlete Handbook

VI. Records and Privacy

Records of misconduct and actions taken will be maintained in your education record within the office of the Deputy Director of Athletics. These records are subject to state and federal privacy protection as well as university policies regarding confidentiality.

Notification to the public regarding your eligibility for intercollegiate competition shall be limited to your name and eligibility status, public information, and information that is not part of your education record subject to the privacy protections noted above.

VII. Review of Policy

This Code of Conduct will be reviewed within three years after the latest revisions are

implemented and revised as appropriate. This policy is subject to review at any other time deemed necessary by the President, the Presidential Committee on Athletics, the Director of Athletics, or the General Counsel.

[REVISED BY PCA, MAY 7, 2008; REVIEWED BY SAW, May 12, 2014, NO CHANGES PROPOSED]

Appendix E. Student-Athlete Grievance Process

Preamble:

This grievance process is intended to comply fully with NCAA requirements and to be available to all student-athletes. When a student-athlete grievance issue arises and is brought to the attention of any member of the Athletics Department administrative staff, regardless of the source of disclosure, efforts to resolve the issues should include the Head Coach, Sport Administrator, and the Deputy Director of Athletics. Some discretionary decisions entrusted solely to a Head Coach, such as but not limited to, a student-athlete's playing time, and selection for out-of-town team travel, are not reviewable under this grievance process. If there is a disagreement over whether a specific issue is subject to grievance under this process, a panel comprised of the Chair of the PCA, the Chair of the PCA Subcommittee on Student-Athlete Well-Being, and the Faculty Athletics Representative(s) will resolve the question by majority vote.

1. Athletic Grievance Process

a. Informal Process within the Athletics Department

- i.** During the initial stages of this process, the Deputy Director of Athletics will function in the role of advocate for the student-athlete to ensure that the student-athlete's interests are paramount. This collaborative involvement will begin during the initial stages of discussion with the student-athlete and continue throughout the informal process. As necessary, and at the request of the student-athlete, these discussions may involve the student-athlete's parents or guardian, with the objective of arriving at an informal resolution. The Deputy Director of Athletics will also ensure that everyone involved understands the relevant rules and procedures of the Department of Athletics and the University, both informal and formal.
- ii.** At all times during this informal process, a student-athlete has the right to be assisted by legal counsel, at his or her own expense, or by another advisor of choice.
- iii.** If a student-athlete protests a suspension or other disciplinary action imposed by a coach or other member of the Department of Athletics or alleges a violation of his or her rights as set forth in the Statement of Student-Athlete Rights and Responsibilities, the student-athlete should request a meeting with his or her Head Coach to attempt to resolve the matter informally. Such a request for a meeting should be granted by the Head Coach as soon as possible. The student-athlete should attempt to exhaust all options for resolution of the grievance with the Head Coach. If the student-athlete would prefer to have a third party present for meetings with the Head Coach, he or she may request assistance from several sources. These include, but are not limited to, the Sport Administrator, the Deputy Director of Athletics, the Senior Woman Administrator, or the university Ombudsperson.

- iv. If the student-athlete's grievance is not resolved satisfactorily with the Head Coach in step (3), the student-athlete may then request a meeting with the Sport Administrator for the student-athlete's team to make a further effort to resolve the grievance informally.
- v. If the student-athlete's grievance is satisfactorily resolved in step (3) or step (4) of the informal process, a written statement of the disputed issues, along with the settlement agreed upon, should be prepared jointly and signed by the student-athlete and the person from the Athletics Department with whom the settlement was reached. This written statement should then be filed with the Athletics Director and retained.

b. Formal Appeal Process within the Athletics Department

- i. If no satisfactory agreement is reached through steps (3) and (4) of the Informal Process, the student-athlete may then submit a written appeal to the Athletics Director. The written appeal should accurately summarize the facts of the dispute and indicate the relief sought by the student-athlete. After appropriate review, the Athletics Director should make a decision on the appeal and notify the student-athlete of the decision within seven (7) working days.
- ii. If the Athletics Director resolves the dispute to the satisfaction of the student-athlete, the terms of the settlement should be stated in a letter sent to both the student-athlete and the person in the Athletics Department against whom the grievance was initiated. A copy of this settlement letter should be kept in Athletics Director's files.
- iii. If no satisfactory agreement is reached with the Athletics Director, the student-athlete may request a hearing before the Review Panel of the PCA. A request for such a hearing shall be submitted in writing to the Chair of the PCA within seven (7) days after receiving the decision from the Director of Athletics. When notified of a request for a hearing, the Chair of the PCA should proceed to implement the PCA appeal procedures for Review of Student-Athlete Grievances with all deliberate speed.

2. PCA Appeal Procedures for Hearings on Student-Athlete Grievances

Scope. These procedures apply to any grievance initiated by a student-athlete regarding action taken by the Department of Athletics relating to the student-athlete's athletic status, provided that all alternative means for resolving the dispute specified above have been exhausted.

Waivers. By initiating an appeal under these procedures, the student-athlete shall be deemed to have waived his or her rights under the Family Educational Rights and Privacy Act (20 USC 1232g) with respect to any persons present for whatever purpose during the course of any proceedings hereunder. If the student-athlete puts at issue his or her mental or physical health, the student-athlete shall be deemed to have waived any privilege for any communication made in professional confidence as provided in Iowa Code Section 622.10.

Hearing Panel Composition. Hearings shall take place before panels composed as follows:

Hearing before PCA. A panel of PCA members shall hear all cases concerning student-athletes, and subject to the provisions of this section. The PCA panel shall consist of the Chair of the PCA, the Big Ten Faculty Athletics Representative(s), and the chairs of the standing subcommittees of the PCA. The Chair of the PCA shall serve as the Presiding Officer in any hearing before a panel of the PCA. At his or her option, the Chair may appoint from among the remaining PCA members substitutes for the above-listed panel members, when an incumbent is unavailable.

Rights before Hearing. The student-athlete bringing the complaint is granted the following rights:

1. To be advised of the hearing procedures; and
2. To review copies of any documentary or other physical evidence expected to be presented in opposition to the student-athlete's position, provided that the student-athlete has requested such materials at least two university business days before the hearing. Additional evidence may be admitted at the hearing at the discretion of the Presiding Officer, provided that the other party has an opportunity to review and respond to the additional evidence. In that event, the parties shall exchange copies of the documents and physical evidence.

Rights at Hearing. The student-athlete bringing the complaint, like the university or any of its units, is granted the following rights at the hearing:

1. To present his or her position;
2. To present witnesses and evidence;
3. To cross-examine witnesses presenting evidence in opposition to the student-athlete, provided, however, that such cross-examination shall be limited to questions that are relevant, material, and not unduly repetitive, as determined by the Presiding Officer; and
4. To be represented by counsel or other advisor at the student-athlete's expense.

Burden of Proof and Standard of Judgment. In all cases under these Procedures, the University bears the burden of proving, by the preponderance of the evidence, that the action disputed by the student-athlete was justified.

Hearing. The Presiding Officer shall open the hearing and answer any procedural questions posed.

Persons Excluded. The hearing shall be closed unless the student-athlete specifically requests, in writing, at least two university business days before the hearing, that it be open. If the student-athlete requests an open hearing, the Presiding Officer nevertheless may elect to

close all or part of the hearing. The Presiding Officer also may elect to exclude non-parties who are to appear as witnesses.

Recording. The hearing shall be recorded by means to be determined by the Presiding Officer. Videotape, audio tape, and stenographic reporting all are satisfactory recording options. If a stenographic recording is made, the expense of transcription shall be borne by the party requesting it. Discussion regarding procedural matters need not be recorded.

Opening Statements. At the outset of the hearing, first the university, then the student-athlete, may present very brief statements to the hearing panel outlining their respective positions in order to crystallize the issues for the panel. These statements shall not be considered evidence.

Evidence. The university shall present its position first, calling witnesses and presenting evidence in accordance with these procedures. After the university has concluded, the student-athlete may present his or her position. Witnesses shall swear or affirm that they will testify truthfully before the panel(s). Formal rules of evidence shall not apply, although objections to evidentiary offers may be made and shall be noted in the record. At the discretion of the Presiding Officer, members of the panel(s) also may be permitted to question witnesses.

Closing Arguments. At the close of all the evidence, each party may present a very brief summary of its position to the panel(s). The student-athlete shall present his or her argument first, and the university, bearing the burden of proof, shall present its argument last. The Presiding Officer may cut off any argument on the basis of its undue length, repetition, or irrelevancy. These arguments shall not be considered evidence.

Legal Advisor to the Panel. The PCA panel, at their option, may avail themselves of a legal advisor. That advisor should be a representative of the University's Office of the General Counsel. The legal advisor's role may include conducting the hearing and otherwise assisting the panel with any procedural matters that arise during the hearing, in deliberations, or in writing the panel's report. The legal advisor shall have no input whatsoever to the substantive adjudication of any issues by the panel.

Decision and Report.

Deliberation. The PCA panel shall deliberate among themselves to reach a decision on the merits of the case.

Majority Needed. Decisions by the PCA panel shall be based on the majority of the panel hearing the case. In the event an even number of persons served on a panel, the Presiding Officer of that panel shall deliberate with the panel, but shall not vote, thereby allowing the remaining panel members to reach a majority decision. Decisions shall be based on the kind of evidence on which reasonably prudent persons rely in the conduct of their serious affairs.

Report of Decision. The panel hearing the case shall present its decision in a written report. The report shall state briefly the majority's findings of fact and conclusions drawn from those facts. The minority view, if any, may be presented at the option of the panel hearing the case. Copies of the report shall be sent to the student-athlete, the Director of Athletics, the office of the General Counsel, the President or his/her designee in any case before the Committee, and to other appropriate university officers.

Request for Appeal. To appeal the PCA decision, the student-athlete must send a written request with supporting materials of evidence to the President's office within five (5) university business days following receipt of the written notification of decision.

Grounds for President's Review. The student-athlete must support the appeal to the President by addressing one or more of the following grounds:

(A) The decision was unsupported by substantial evidence when viewed as a whole.

(B) The decision was arbitrary, capricious, unreasonable, or constituted an abuse of discretion.

(C) The sanction was unreasonably harsh or lenient in light of the circumstances.

(D) The procedures were not properly followed, resulting in prejudice to the appealing party.

(E) New evidence, not reasonably available at the time of hearing, warrants reconsideration.

Standard for Review. To overturn the decision of the hearing panel, the President must find that the decision is not supported by a preponderance of the evidence, or is clearly inconsistent with university or other governing policy.

President's Decision. The President or the President's designee shall render a decision within 30 calendar days of the receipt of the request for appeal, and that decision shall constitute final agency action. The President's (or designee's) decision shall be transmitted to the student-athlete, the General Counsel, the Director of Athletics, and to other appropriate university officers.

[REVISION APPROVED BY PCA, FEBRUARY 1, 2018]

Appendix G. Transfer Policy

It is the goal of the Athletics Department that every Iowa student-athlete graduates as a Hawkeye. A small number of student-athletes, however, may decide it is in their best personal interest to transfer to another institution. When a student-athlete contemplates transferring, important restrictions and procedures come into play. A student-athlete may initiate the notification of transfer process by providing the compliance office with a written notification of transfer. The compliance office shall enter their information into the national transfer database within two business days of receipt of the written notification of transfer from the student-athlete.

At the time of submitting the transfer notification, if the student-athlete receives an athletics scholarship, the student will receive a cancellation notice from the Office of Student Financial Aid. The aid cancellation will be effective at the end of the regular academic term in which the written notification is received or immediately if received between regular academic terms.

Per NCAA bylaw 14.5.5.2.10 (d), a student-athlete pursuing a transfer, may request the one-time transfer exception. If a request for the one-time transfer exception is not acted upon by the Athletics Department within seven business days, the request will be deemed granted by default. If the request is denied, the Athletics Department must promptly send the student-athlete a written notice informing them of the opportunity to have a hearing under the Student-Athlete Grievance Process to dispute the denial. If a hearing is requested, the PCA must conduct a hearing in a timely manner and provide a written decision to the student-athlete within 15 business days following the hearing. If this deadline is not met, the transfer request is deemed granted by default.

Transfer requests will be reviewed on a case-by-case basis. Records of transfer requests and subsequent actions on them will be maintained by the Director of Athletics and the Associate Athletics Director for Compliance.
